

# DOVER COLLEGE

## #ONLINE

# GEOGRAPHY (Prep. School)

## [How to make a map](#)

This video will tell you a lot about maps and will help you to make your own if you follow along carefully.

## [Making a model world](#)

Can you make a model of our planet using play doh?

## [Bake the world](#)

If you have all the ingredients you can make a map of the world and then eat it! Check out this cake recipe.

## [Learn Country Capitals to music](#)

Listen to this one to try to help you learn capital cities from around the world.

## [Make a Volcano](#)

This is a video showing you how you can make a model volcano and actually make it erupt too. Ask if you are allowed first of course!

## [Make a cloud](#)

This is an experiment to see if you can make a cloud.

## [Continental Drift](#)

This is a short video to help you understand how tectonic plates work.
